## FINAL REPORT 16TH IRANCONMIN

### Trade fair restart for the Iranian construction and mining industry – content exhibitors and visitors

Under strict hygiene and safety conditions, the 16th edition of IranConMin successfully took place at the Tehran Permanent Fairground from January 31 to February 2, 2021.

122 Iranian exhibitors occupied about 14,000 square meters of exhibition space at the trade fair for construction machinery, construction systems and mining. Due to the travel restrictions because of the global COVID-19-pandemic, no international exhibitors were able to attend the trade fair this time.

Around 12,000 professional visitors took the opportunity to inform themselves on site about the latest products and services of the local construction and mining industry, and to cultivate and extend their business contacts.

The 17th edition of IranConMin is planned to take place in November 2021.
