

15th International Exhibition for Mines, Mining, Construction Machinery & Related Industry and Equipment

Duration	31 October – 3 November 2019
Venue	Tehran Permanent Fairground, Iran
Exhibitors	197 (170 national and 27 international)
Visitors	14,950 professionals
Frequency	annually
Website	www.iranconmin.de

IranConMin IranConMin celebrates its 25th anniversary

Despite a difficult environment, the anniversary edition of IranConMin took place in Tehran from October 31 to November 3, 2019. This year, the trade fair for construction machinery and mining celebrated its 25th anniversary. In 1994, IMAG organized the first edition of IranConMin in Tehran. Already then, their partners were the German Mechanical Engineering Industry Association (VDMA) as well as the Iranian trade fair organizers Palar Samaneh Co. In 2014, the Iranian mining association IranMineHouse also came on board. Since then, the organizers decided to host the event every year in response to the steady increase in demand from exhibitors and visitors. Meanwhile, the event has become the largest and most international trade fair for construction and mining in the region which also attracts more and more visitors from the neighboring countries. A special focus lies on the mining sector which is traditionally of high importance in Iran.

In 2019, 197 exhibitors from five countries filled six halls at the Tehran Permanent Fairground and its outdoor area. Among them were 27 international companies, Germany and China were present with country pavilions. With the Iranian exhibitors, there was even a slight increase by six percent. At the Mining Conference which accompanied the trade fair with talks and discussions, mining experts debated current issues of the industry.

The next trade fair is scheduled for 30 Oct - 2 Nov 2020.

Areas 2019

Space rented (gross total)	17,000 sqm
Space rented (net total)	8,910 sqm
Hall space (net)	8,522 sqm
Outdoor space (net)	388 sqm

Exhibitors 2019

In total 197 companies (170 national and 27 international) took part in the construction and mining show. Companies from Germany and China exhibited in national pavilions. Further exhibitors came from Iran, Poland and Turkey.
